

ABOUT BEAUMONT, TROY

In response to the health care needs of a growing community, in 1977, Beaumont opened a new 189-bed hospital on rural farmland in Troy. Today, Beaumont, Troy has grown to 530 licensed beds and offers a comprehensive array of health care services, continuing to develop to meet the needs of the growing communities it serves.

SPECIALTY SERVICES

Orthopedics – In 2021, more than 1,500 spine, 600 knee and 500 hip surgeries were performed. This unit is focused on the care and recovery of joint and spine patients, including post-operative care following knee or hip replacements and spine surgery.

STTAR clinic/ERAS program – Last year, over 1,800 received care from the STTAR clinic team. This unit is designed to improve patient readiness, patient satisfaction and patient outcomes after surgery.

Cardiology Services – Troy's Structural Heart program offers the most advanced approaches for treating structural heart disorders. Since Sept. 2020, over 50 Transcatheter Aortic Valve Replacements have been completed and physicians have evaluated hundreds of patients for valvular heart disease, including aortic and mitral valve disease.

Oncology Services – A dedicated cancer care unit with 44 private rooms provides oncology, hematology and end-of-life care. A leader in diagnosis and accelerated treatment of breast and prostate cancer, the outpatient Radiation Oncology department is equipped with advanced radiation therapy technology.

Inpatient Rehabilitation Unit – Offering a complete range of rehabilitation services in a 20,000-square-foot, state-of-the-art setting. Conditions commonly treated include traumatic injuries, stroke, spinal disorders and brain disorders.

Women's and Children's Services – The Family Birth Center includes high-risk antepartum care, private rooms and a natural birthing suite. After delivery, the Mother Baby unit provides a homelike environment for mothers, their babies and family to spend time together.

Frances & Dominic Mocerri Learning Center – The 20,000-square-foot Mocerri Learning Center includes a simulation laboratory with four high-fidelity patient simulators, a clinical skills lab, a computer lab, two Maibach Family classrooms and the 174-seat Farhat N. & Mohammad A. Qazi Family Auditorium. Throughout 2021, the learning center accommodated a COVID-19 vaccine clinic to help the community battle the pandemic. Over 65,500 doses were administered in Troy's vaccine clinic.

DISTINCTIONS (certifications, accreditations, etc.)

- ANCC Magnet designation for nursing excellence.
- Nationally-accredited Program for Breast Centers.
- Joint Commission Primary Stroke Center certification.
- Michigan's first Diagnostic Imaging Center of Excellence (American College of Radiology).
- Bariatrics accredited by the American College of Surgeons (ACS).
- Level II Trauma Center – ACS Verification.
